Product assembly display

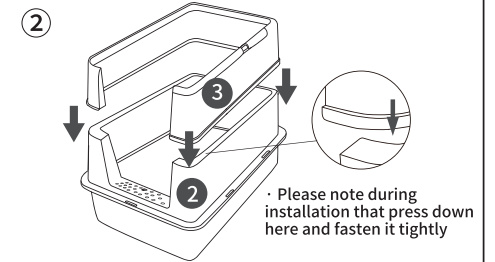

Giant ship shape fully enclosed flip-top cat litter box

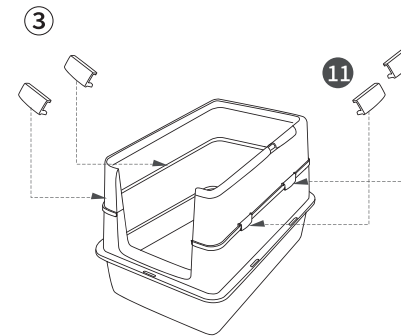

Installation and Usage Instructions

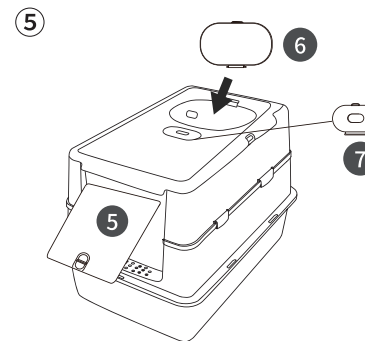

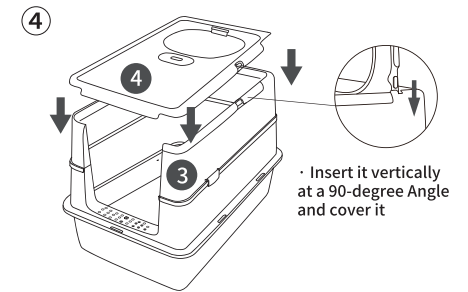

The first step is to install 2 on top of 1.

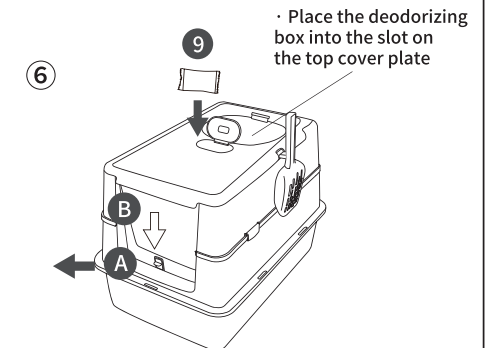

Align the tab on 3 with the slot on 2

Press the 4 fasteners into the slots until you hear a click from each one

· Install two doors.

· To maximize stability and prevent slipping you can apply 4 Non-Slip Pads 10 at the 4 corners on the bottom of your stainless litter box
