Please refer to the actual product for accuracy.

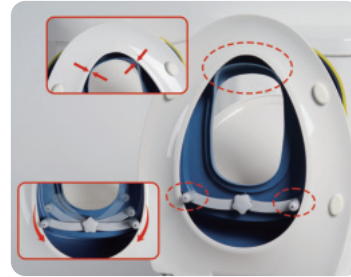

1. Install bottom card strip with part ① above and part ② below.

2. Place card strip at rear of the potty seat, insert screw and tighten it partially to allow for adjustment later.

3. Position potty seat onto adult toilet seat, ensuring proper centering.

4. Adjust the potty seat to the proper position.

Note: Press bottom guard against front edge of toilet seat and lift upward, adjust screws so card strips grip toilet seat edges, then fully tighten.

5. Check potty seat is secure with no movement in any direction.
