

We'd love to hear from you!

Thank you for your recent purchase of our product. We hope you will be pleased with both the product and service you received.

If you received the product with missing accessories\damaged parts\ Installation problem, please do not worry. please provide (1) copy of your order, (2) pictures of your damaged parts, (3) your problem, contact us via Amazon order. Our team members are more than happy to help. Meanwhile, we also welcome you to post a Product Review so that others can benefit from your experience. As a growing business, we know how scarce time can be, so we especially appreciate your time and input.

To submit your review, please follow the steps below:

1. Log into your account on Amazon.com, click "Your Account," and then click "Your Orders."
2. Click on the specific product you purchased, and select the "Create your own review" button in the middle of the page.
3. Now post an informative review or even shoot a video to make your experience more visible - it's that easy!

Assembly Tips

©When you buy 4 piece or more sets, you will receive 2 or more boxes. Due to logistics, sometimes the boxes cannot arrive at the same time. Please wait patiently for the rest of the boxes to arrive.

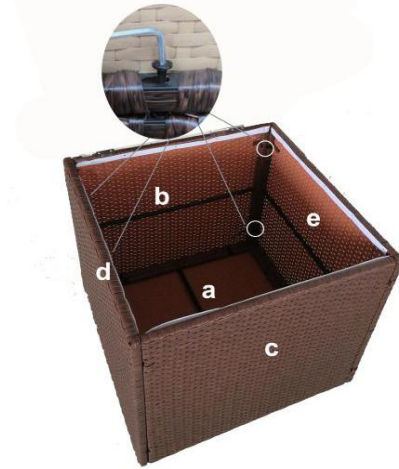

© Before installation, please confirm that the parts are complete and the parts number are correct

PART 8											

© Hand tighten all the bolts to line up all the pieces. Then tighten all the bolts down.

Step 1: Attach the Back Panel (b) and Front Panel(c) to the Bottom Panel (a) with screw(M6*35) and gasket .Do this in 4 places.Do not tighten all the bolts in this step.

Step 2: Attach the Left Panel (d) and Right Panel(e) to the Back Panel (b) and Front Panel(c) with screw(M6*35) and gasket .Do this in 8 places.Hand tighten all the bolts to line up all the pieces. Then tighten all the bolts down.

Step 3: Attach the Top Panel (f) and Back Panel (b)

Step 4 : Install the foot screws (Part 1) and tighten them all.

BOLT ASSEMBLY STEPS

Match the two different holes

insert bolts

Tighten the bolt with the tool until the end

⊗ **Don' t tighten all the bolts before the product is fully assembled.**

⊗ **If the screws are not tight or twisted, do not use gravity, first loosen the adjacent holes, align each hole, and then tighten**

Tips for Protection

- ⦿ Seat capacity: 250 LBS
- ⦿ Do not stand on the seat
- ⦿ Do not sit on the armrest
- ⦿ To protect your fabric (upholstery or cushions), first give it a good wash with mild dish soap and warm water. Once the fabric is completely dry, spray it with fabric protector. Tip: Spray a small piece of fabric first to make sure the protector won't discolor the furniture
- ⦿ Even if your furniture is covered, it's still going to accrue dirt and rot if you don't clean it every once in a while. Pick a sunny day, and take the time to clean your furniture with mild dish soap and warm water. Use a sponge to break up grime and a hose to rinse away any soap residue
- ⦿ **To prevent the cushion from being blown away by strong wind, you can use a rope to tie the cushion to the back of the chair**
