

# TOPAIRE® Supreme

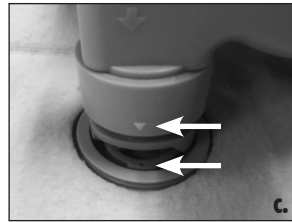

## SET-UP INSTRUCTIONS

Please read all instructions for **TOPAIRE® Supreme** and **Express Pump®** prior to inflation. This mattress topper should be at room temperature before inflating or possible air leaks may occur.

Thank you for your recent purchase. Please register your product online today at [www.boydsleep.com/register](http://www.boydsleep.com/register)

**NOTE:** Read separate **Express Pump®** instructions prior to operation.

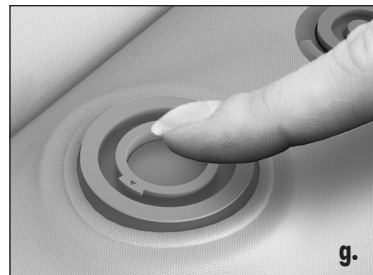

1. Remove **TOPAIRE® Supreme** from packaging, unfold and place on top of mattress.
2. Unscrew cap covering **TOPAIRE® Supreme's** inflate/deflate valve.
3. Plug pump into a grounded 120 volt AC electrical outlet (a).
4. Locate **Express Pump®** inflate port (b).
5. Align arrow on pump with arrow on valve (c).

6. Push **Express Pump®** firmly into valve (d). Do not force. Twist pump to lock into place (e). Turn on switch to begin inflating (f).

7. Inflate side one of **TOPAIRE® Supreme** to desired firmness. (TXL size has only one side)
8. Repeat steps 6 and 7 on side two. (TXL size has only one side, one valve)
9. To achieve desired firmness level, lie on the **TOPAIRE® Supreme** and depress patented spring loaded valve to gradually release air (g). If too much air escapes, simply re-inflate with pump.
10. Your **TOPAIRE® Supreme** is now ready to use. Replace valve cover and make up bed with sheets and bedding.

## TO DEFLATE AND STORE

1. Unscrew cap covering the inflate/deflate valve.
2. Plug **Express Pump®** into a grounded 120 volt AC electrical outlet (a).
3. Locate **Express Pump®** deflate port (h).
4. Align arrow on pump with arrow on valve (c).
5. Push **Express Pump®** firmly into valve (i). Do not force. Twist pump to lock into place (e). Turn on switch to begin deflating (f).
6. Repeat steps 4 and 5 on side two.
7. When topper is completely deflated turn pump off and twist pump to unlock and remove. The **TOPAIRE® Supreme** is now ready to move or store.
8. Roll and place **TOPAIRE® Supreme** in convenient duffel bag.

**WARNING:** **Express Pump®** will burn out if left in "on" position after topper is deflated. Monitor deflation progress. **DO NOT LEAVE PUMP UNATTENDED.**

## LIMITED 2 YEAR WARRANTY

**TOPAIRE® Supreme** warrants to the original purchaser only when the **TOPAIRE® Supreme** is used as a mattress topper and not in place of a mattress, that the mattress topper will be fully guaranteed against defects in material and workmanship for a period of 24 months from the date of purchase, provided further that the **TOPAIRE® Supreme** has been operated and cared for according to the provided instructions and uses. Warranty does not cover punctures caused by misuse or product used as a mattress. Shipping and handling charges to ship the replacement mattress/component are the responsibility of the consumer.

The **Express Pump®** will be guaranteed to the original purchaser against defects in materials and workmanship for a period of 24 months from the date of purchase provided that the pump has been operated according to the provided instructions.

Our obligation under this warranty shall be limited to the repair or exchange of any part which may prove defective under the conditions and during the periods described above.

This warranty shall not apply if upon inspection we find:

1. Any product or part has been damaged by alteration.
2. Any product or part has been subject to accident, misuse, abuse or has been operated contrary to the provided instructions or uses.

To submit a request for warranty replacement go to **www.expressbedshelp.com** and follow the detailed instructions on how to process a warranty claim. A copy of the Original Receipt is required as proof of purchase that validates the warranty.

*This is the entire exclusive express limited warranty. The manufacturer neither makes nor is responsible for any other warranties, either expressed or implied, including those of retailing dealers. Any and all liability for breach of warranty, as well as damages for incidental, special or consequential losses are expressly denied.*

This warranty applies only to product(s) purchased from an authorized retailer.

## CARE AND MAINTENANCE

This mattress topper is constructed of heavy duty vinyl designed for optimum comfort when used at normal household temperatures.

### WARNING:

*Avoid extreme cold, as vinyl will become brittle. Do not overinflate.  
Do not use high pressure or compressed air inflation systems.  
Avoid sharp objects. Do not use hair dryer to inflate.*

### WARNING: FLAMMABLE

*VINYL IS FLAMMABLE. Do not locate topper near fire, fireplace or any other heat source, such as a space heater. Avoid placing mattress topper near or over a heat emitting floor vent.*

PVC, the material used to make this mattress topper, will naturally stretch and expand during use. After being inflated for several hours and/or having been slept on, the mattress topper may lose some of its initial firmness and feel softer because the PVC has naturally expanded. This expansion is normal and not the result of a leak. To regain your desired firmness level, add air to the topper using the pump that was provided with the mattress topper.

Clean only with mild soap and water. Harsh cleaners can damage materials. Use repair kit to patch any holes, tears or punctures. Store at room temperature only AFTER cleaned and dried. Do not store outdoors or in a garage.

## USES

Use the **TOPAIRE® Supreme** as a mattress topper on your current sleep surface. The **TOPAIRE® Supreme** is intended for normal indoor use only. The **TOPAIRE® Supreme** is not intended to be used in place of your present everyday sleep surface.

**0-15 Months**

### ! WARNING

#### Risk of Suffocation

- Infants have suffocated on inflatable mattresses. Never place an infant 15 months and younger to sleep on an inflatable mattress.
- When used by children over 15 months old:
  - Provide at least a shoulder width space between mattress and walls, dressers or other vertical objects to avoid entrapment.
  - Always keep mattress fully inflated when in use.

See instructions for additional warnings.
