

## CORNER SHELF INSTRUCTIONS

### HARDWARE PROVIDED

### HARDWARE REQUIRED

#2 Phillips

1/4 in. Drill Bit

Drill

Place unit in desired location and mark the locations of the holes on the wall. Remove shelf, drill 1/4" holes at the marked locations, and insert the four wall anchors. Place unit back into position and use a #2 Phillips screwdriver to secure the four #8 x 1 in. pan head screws through the shelf into the wall anchors.
