

ALUMINUM GUTTER SCREEN

Multi-Purpose Screen

EASILY LOCKS INTO PLACE

Protect your home's foundation, shrubbery and roots while controlling erosion.

Easy Install: 3 Simple Steps | Perfect for the DIYer

Fits Standard 5" Gutter: Includes: One 6"x20' Rolled Screen

3 EASY INSTALLATION STEPS

1

Cut the screen into a series of manageable pieces.

2

Slide the front edge of the screen all the way to the front of the gutter so that it is secured under the front lip. Note the location of the ferrules or hangers and, if necessary, fit around them.

3

Repeat this process, as necessary. Make sure you overlap each of the screen sections by one or two inches.
