Base Type: Integrated LED

Light Source Included: Yes

Voltage: 120VAC

Wattage: 28W

Package includes

1 x Ceiling Light

1 x Accessories Kit

1 x User's Manual

Installation Instructions

1. Adjust the color temperature of the light fixture to the appropriate setting (options from 3000K, 4000K, to 6500K) by moving the slide switch, then install the acrylic lampshade into the fixture body.
2. Thread the main wire of the fixture through the canopy.
3. Use the mounting screws to secure the mounting plate to the US-standard junction box.
4. Connect the fixture wires (neutral, live and ground wire) and the wires reserved on the junction box with wire nuts respectively, then insulate all connections with electrical tape and neatly tuck wires into the junction box.
5. Secure the fixture body to the mounting plate using screws.

Note: please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
