

# Portable Dehumidifier

## User Guide

IVADM55

Thank you for purchasing the Ivation® Portable Dehumidifier. This User Guide is intended to provide you with guidelines to ensure that operation of this product is safe and does not pose risk to the user. Any use that does not conform to the guidelines described in this User Guide may void the limited warranty.

Please read all directions before using the product and retain this guide for reference. This product is intended for household use only.

This product is covered by a limited one-year warranty. Coverage is subject to limits and exclusions. See warranty for details.

Portable dehumidifier

Reservoir

Drain hose

User guide

## Parts

1. Base unit
2. Vents
3. Reservoir
4. Drain hose port
5. Drain hose

## Control panel

6. Humidity display
7. Humidity controls
8. MODE button
9. ON indicator light
10. FULL indicator light
11. High fan indicator light
12. Low fan indicator light

## Safety precautions

- Do not exceed the unit's rated power.
- Do not use a damaged or unspecified power cord.
- Do not modify the cord length or share the outlet with other appliances.
- Do not handle the plug with wet hands.
- Do not install the unit in a place where it may be exposed to combustible gas.
- Do not place the unit near a heat source.
- Disconnect the power if unusual sounds, smells, or smoke comes from the unit.
- Never attempt to take apart or repair the unit.
- Before cleaning the unit, always turn off the power and unplug.
- Do not drink or use the water drained from the unit.
- Do not place the unit in a place where it may become wet or damp.
- Always place the unit on a level, stable section of the floor.
- Do not cover the intake or exhaust vents with cloths or towels.
- Keep out of reach of children and pets.
- Do not use in areas where chemicals are handled.
- Never insert fingers or other foreign objects into the vents or openings.
- Do not place heavy objects on the power cord.
- Do not climb on or sit on the unit.
- If water enters the unit, turn it off and disconnect the power. Contact a qualified service technician.

## Operation

1. Press the MODE button to power the unit on. The ON indicator light will turn on.
2. Use the humidity controls to adjust the humidity as needed.
3. To switch the fan speed between high and low, hold down the MODE button until the indicator light for either high or low speed turns on.

## Emptying the reservoir

1. When the reservoir is full, the FULL indicator light will turn on and the unit will automatically stop operation.
2. Pull the reservoir out from the back of the unit and empty. The unit will pause operation until the reservoir is replaced.

## Continuous draining

1. Remove the drain plug on the back of the reservoir.
2. Attach the included drain hose to the unplugged drain.
3. Lead the hose to the floor drain or a suitable drainage facility.

## Care and maintenance

- Always turn the dehumidifier off and unplug before cleaning.
- The reservoir should be washed with fresh water every few weeks.

## Specifications

Rated power: 15V
