Fastener installation procedure guide (1 and 2)

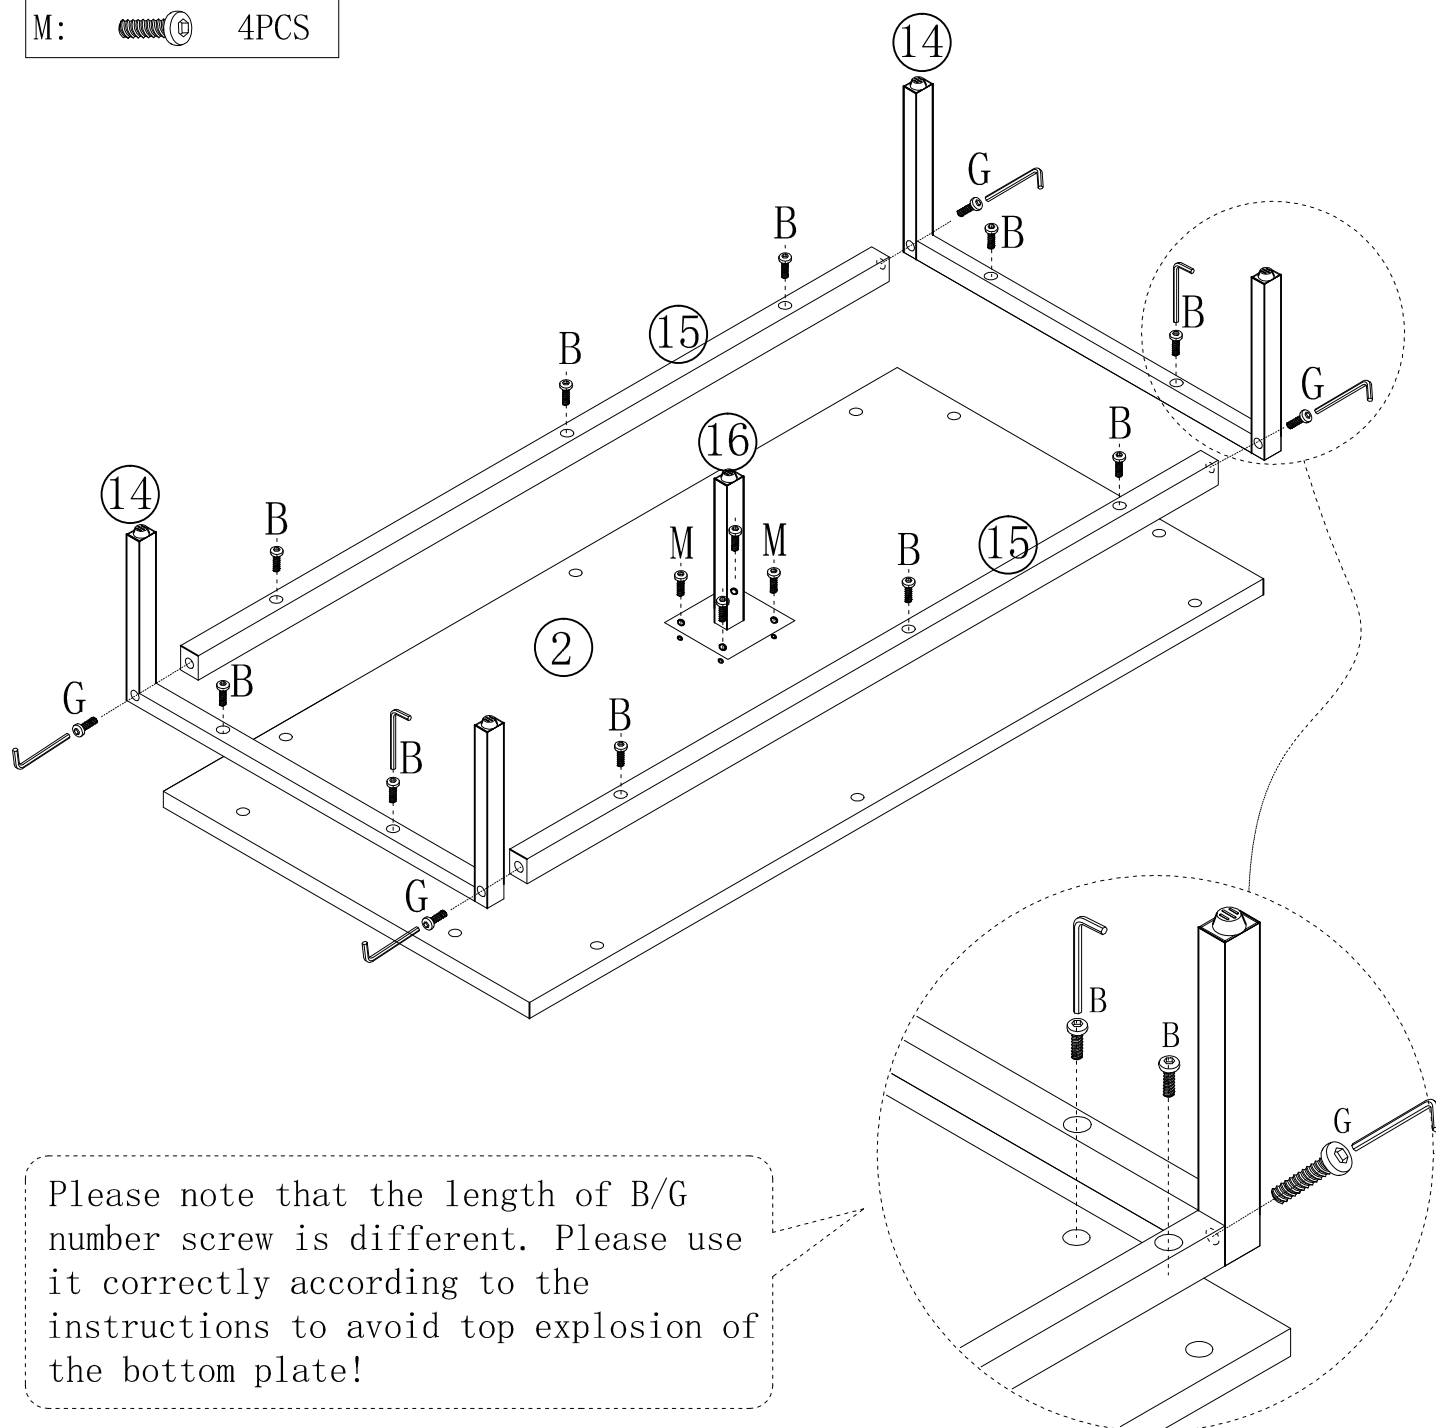

Align the cross shape of fastener "B" on the vertical plate with the hole position on the top plate and bottom plate,

Press and hold the fastener door latch firmly towards the notch direction,

If the fastener is hard to press, it may be easier to use a wooden stopper.

STEP 1

ASSEMBLY INSTRUCTION

STEP 5

Tip: the front of the drawer, if there is tilt, do not force out, can be adjusted according to these two positions, please refer to the following steps.

STEP 6

1. Hold down the PVC buckle on the rails on both sides of the suction drum, and gently pull out the suction drum;

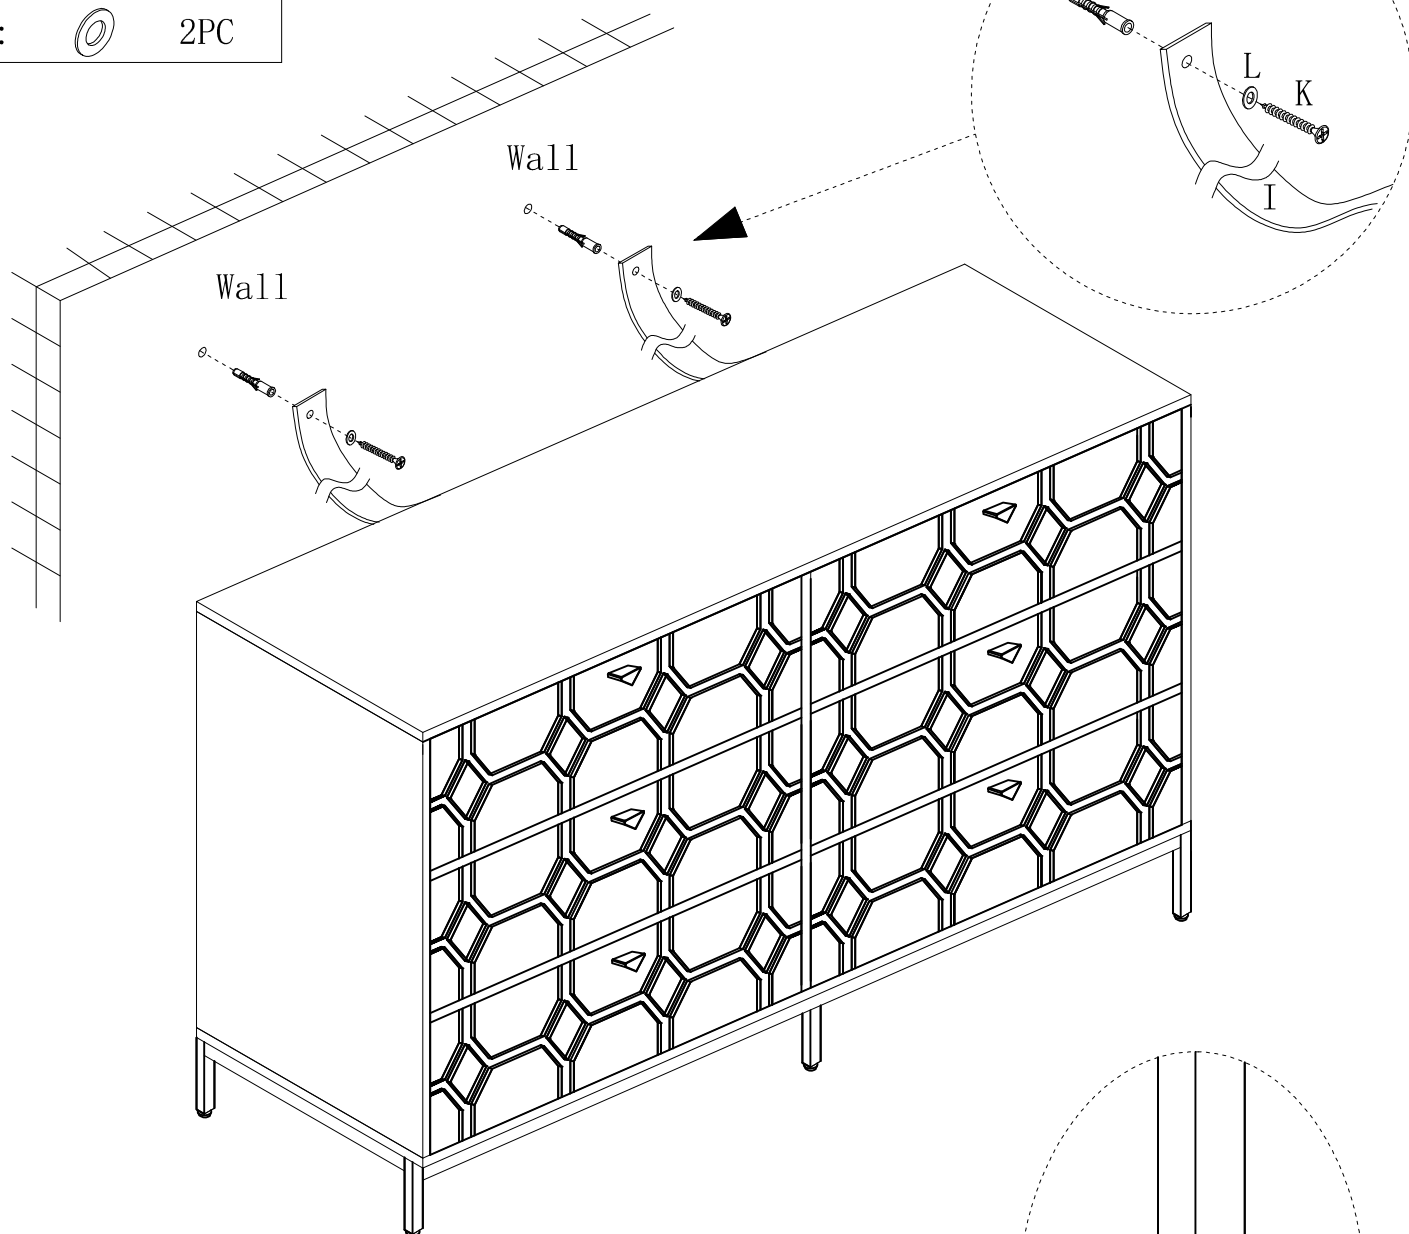

2. Loosen the screw of the original fixed track on the suction drum and the side plate, lock it up and fix it by adjusting the position of the hole next to it up and down, then install it into the suction drum.
