This fixture is rated for indoor use, suitable for damp locations.

## ⚠ WARNINGS

**⚡ WARNING: TO AVOID ELECTRIC SHOCK, DISCONNECT POWER BEFORE INSTALLING**

**⚠ WARNING:** This product may represent a possible shock or fire hazard if improperly installed or mounted. Products should be installed following these instructions, local electrical codes and/or the current National Electric Code (NEC).

**⚠ WARNING:** This product needs to be grounded properly in a manner consistent with local electrical codes and/or the current National Electric Code (NEC). If the installer does not understand basic wiring or how to properly ground the fixture please consult a qualified electrician.

**⚠ CAUTION:** Not for use in fully enclosed fixtures because heat buildup will shorten life. Lamp rated for temperatures ranging from 14°F to 113°F (-10°C to 45°C).

**⚠ WARNING:** Do **NOT** look directly at LED light sources.

**⚠ WARNING:** NOT RECOMMENDED for use with sensors or dimmers, may shorten lamp life.

**⚠ WARNING: MUST USE WITH OUTDOOR RATED JUNCTION BOX/FIXTURE**

**⚠ WARNING:** This product is not intended for use with emergency exits.

## SAFETY AND PRECAUTIONS

1. Do not use where exposed to water.
2. Do **NOT** look directly at LED light sources.
3. The LED modules used in this bulb are not serviceable.
4. Do **NOT** install this bulb inside of undersized enclosures.
5. Turn power off prior to cleaning or removing.
6. Electrical requirements can be found on lamp base.
7. Turn off power and allow bulb to cool before replacing it.

## ADDITIONAL WARNINGS

This device complies with Part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The user is cautioned that any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that the interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: 1) Reorient or relocate the receiving antenna. 2) Increase the separation between the equipment and receiver. 3) Connect the equipment into an outlet on a circuit different from that of the receiver. 4) Consult the dealer or an experienced radio/TV technician for help.

**\*MUST USE WITH OUTDOOR RATED JUNCTION BOX/FIXTURE.**

## INSTALLATION INSTRUCTIONS

1. Turn off fixture before replacing the existing bulb.
2. Remove old bulb.
3. Screw bulb into a standard light bulb socket.
4. Turn power switch on.

## CLEANING INSTRUCTIONS

Turn power off. Using a soft cloth, clean the bulb using a mild, non-abrasive glass cleaner. **DO NOT** use solvents. **DO NOT** use cleaners containing abrasive agents. **NEVER** spray liquid cleaner directly onto the bulb, fixture or wiring.

## TROUBLESHOOTING GUIDE

***Before starting work to connect the fixture, shut off power supply at the circuit breaker panel to avoid electrical shock.***

Problem	Probable Cause	Solution
Fixture does not turn on.	1. Bad connection. 2. Faulty switch. 3. Power is off.	1. Check wiring connections. 2. Test switch or replace it. 3. Verify power supply is on.
Circuit breaker trips or fuse blows when light is turned on.	1. Discontinue use immediately.	1. Call an electrician.

## 3 YEAR LIMITED WARRANTY

This product is guaranteed against failure due to factory defects in materials or workmanship for three (3) years from the date of purchase. This warranty is non-transferable and applies only to the original owner. Proof of purchase is required for repair or replacement. This warranty does not cover normal wear of parts or damage resulting from any misuse of the product. Misuse of the product includes, but is not limited to: washing the product, using in extreme weather conditions, opening the product, or trying to remodel the product. Important: this warranty is only valid if the product has been purchased through an authorized reseller. Returns and/or warranty replacements must be processed at the original place of purchase.
