

steps to care

taking care of your metal side table

In case of spills, wipe promptly with lint-free cloth.

Use slightly damp cloth to spot clean. Wipe dry with clean and dry cloth.

Always use coasters for hot/damp containers to prevent heat damage and white rings.

Use felt or leather mat for table lamps etc, to prevent scratches.

Dust-often to prevent dirt build-up.

Do not drag objects across surface to prevent scratches.

Avoid exposure to extreme temperatures.

Do not use abrasive or harsh chemicals to clean as this may damage the finish.

Do not use pressure cleaning machines to prevent damage to structure and finish.

Do not leave metal furniture damp/wet to prevent rusting.

Avoid direct sunlight to prevent fading.

Keep away from sharp objects.
