Signature Features

WORRY-FREE PUMP FUNCTION

The patented pump continuously discharges moisture without constantly emptying a bucket. The unit can pump water upward to drain out a basement window or into a sink, up to 16' with the provided hose.

LCD ELECTRONIC CONTROLS

choose the ideal humidity level by adjusting the humidistat. The electronic controls allow you to monitor relative humidity and temperature.

VISIBLE WATER LEVEL

With its frontally located tank and transparent water level window, you can easily see how much water has been collected.
