TITLE:

Farberware FCDMGDWH Complete Portable Countertop Dishwasher with UV Light 2 Place Settings, 5 Wash Programs, Glass Door, White

The Farberware Complete Portable Compact Countertop Dishwasher is the perfect solution for smaller kitchens, apartments, RVs or anywhere you are short on space. If you have water, electricity, and 40 minutes – you can clean your dishes. With two place setting capacity, five wash programs, and a sleek glass door to see your dishes inside during the wash cycle, this countertop dishwasher is a hand washer's dream come true. The Farberware countertop dishwasher uses high pressure dual spray to efficiently clean dishes using less water than hand washing or traditional built-in dishwashers. A child lock is included for extra peace of mind.

EFFICIENT WASHING: This small, yet powerful portable dishwasher features high pressure dual spray to efficiently clean dishes using only 1.3 gallons of water

UV LED Light: UV LED Helps eliminate airborne bacteria, viruses, germs and mold to ensure your dishes are always clean and safe to use

COMPACT DESIGN: The portable countertop design is perfect for use in small spaces including apartments, dorms, and RVs; clean up to 2 place settings of dishwasher safe dishes in as little as 40 minutes

NO INSTALLATION NEEDED: Convenient built-in 5 Liter water tank lets you manually add water with the help of the included water guide and water pitcher or easily hookup to a faucet

5 WASH PROGRAMS: Pre-programmed wash cycles for convenient use include Normal, Hygiene, Fruit, Glass, Rapid and ensure there is a wash program to fit your needs

AIR REFRESH: Advanced drying system improves drying performance, removes moisture and keeps unwanted odors at bay

FRUIT BASKET: Includes a fruit basket so fruits and vegetables can be thoroughly washed and are ready to serve directly from the dishwasher

ADDITIONAL FEATURES: This compact portable dishwasher is loaded with additional features like digital LED controls, a see-through window, child lock, and delay start
