

Assembly Instructions

Caution : You must read this before you proceed

Care & Maintenance

- Not for commercial use. For residential use only.

- Furniture may scratch floors. We recommend using furniture pads to protect your floors.

- Do not put hot items directly on furniture surface.

- Do not clean furniture with harsh cleansers or polish.

- Do not place furniture under direct sunlight.

- Do not place furniture near heating or cooling vents.

- Do not write on furniture without a padded barrier to protect the surface.

- Do not place furniture outside . For indoor use only.

- Stains may be removed with mild soap solution and damp cloth.

- Children should not climb or jump on the furniture.

- Dust and pick-up spills using a clean, non-colored, lint-free cloth.

Please look in Stool for hardware packs and legs.

Sets often ship in multiple boxes and may arrive a day or two apart.

Stool

Assembly Preparation

Before
Beginning
Assembly:

- Read instructions, cover to cover-

- Have 2 adults on hand for assembly-

- Do not assemble on flooring or carpet-

- Assemble on a clean non-marring surface (packing foam)-

- Save all packaging until finished-

Assembly Steps

Overview

FRONT FACING

This Stool has multiple parts and may require up to 30 minutes to assemble. To give you an overview of the Chair parts, the above picture is to help you put the various parts into perspective. Please read through the instructions below to familiarise yourself with the parts and steps before assembly.

Step 1

Unpack and place all parts on a clean, non-marring surface.

Step 2

Place the Back with Legs(B) on a clean, non-marring surface. Attach the two slots on the Seat(A) to the lower legs on the Back with Legs(B), then push the Seat(A) upward to align it with the mounting positions on legs. Align the mounting positions on the Seat(A) to the mountings on the Back with Legs(B) using Bolts(①), Spring Washers(②) and Washers(③) with Allen Wrench(④). **Do not fully tighten the Bolts.**

Step 3

Place the Pack of Seat(A) and Back with legs(B) on the side of a table with the Seat(A) facing down, as seen in the picture. Insert the Left Front Leg(C) & Right Front Leg(D) into the mounting position of Seat(A). Insert the Side Stretchers(F) and the Front Stretcher(E) into the mounting positions between the legs in sequence.

Step 4

Attach the Left Front Leg(C) & Right Front Leg(D) to the Seat(A) using Bolts(①), Spring Washers(②) and Washers(③) with Allen Wrench(④).
Attach the Side Stretchers(F) and the Front Stretcher(E) to the legs in sequence using Screws(⑤) with the Screw driver(⑥).
Do not fully tighten the Bolts.

Step 5

Turn the Stool right side up.

Check for stability and then tighten all the remaining bolts.

DO NOT fully tighten a bolt in one go and then move on to the next.

Rather, in a sequential manner, gradually tighten each bolt until all bolts are evenly secured. This methodology will ensure maximum evenness once all bolts are fully tightened.

If the Stool wobbles, adjust the Pre-installed Levellers at the bottom of the Legs until the stool is level.

Step 6

Finally, seal the Seat Base Cover (G) back on to the underside of the Seat(A).

Step 7

Your Stool is ready for use.

This Stool can only be used on a flat, level surface.
