

## Use & Care Guide

Inte-Grates' mission is to continue manufacturing at the highest quality standards in order to create beautiful and durable floor registers for all of North America. It is strongly advised that taking proper care and performing regular maintenance on your registers will help to prolong the life of your new Inte-Grates products.

The Inte-Grates Floor Registers are 100% plastic and can be used in any area of your home, from your kitchen, washroom or bedroom these registers can be easily mopped or wiped clean with any mild household cleaner. Please ensure that your cleaner does not contain any acidic or bleaching agents as that could potentially damage your register.
