

PRODUCT KNOWLEDGE SHEET

Name: Sure and Secure™ Custom-Fit Gate

Product #: 07160

Product Use: To create a secure barrier between rooms or at the top or the bottom of the stairs. Great for keeping children or pets contained in a safe area. Especially good for odd openings, at the base of a staircase, or separating off a Great Room. Only gate that spans 12' when fully extended.

General Description:

Hardware-Mounted

The Sure and Secure™ Custom-Fit Gate is hardware-mounted for extra security and strength. It's great for keeping your kids safe and it's also a wonderful room barrier for pets. It is also JPMA certified – so you know that you are making not only an easy choice, but a smart one as well.

12 Feet Long

Other gates may say super wide but we mean super wide. Ours is the first gate to actually fit openings up to 12 feet with no other purchase necessary. It's wonderful for large Great Room and other extended openings.

Fits Irregular Openings

The Custom-Fit Gate is perfect for unusual openings typical in newer homes. It can easily be configured to span unparallel walls, corner off a section of a room, or gate off the bottom of a staircase.

Great Styling

With attractive styling and a subtle, tone-on-tone color scheme, this product will easily blend in with any home decor. Easy to clean fabric is soft, yet durable.

Convenient Walk-Through Door

The Custom-Fit Gate features a convenient, locking walk-through door that allows for easy passage and eliminates the need to remove the entire gate or potentially trip by stepping over it.

Twice as Nice

To create an extra large play area, you can purchase two of these gates and attach them together. It's a great way to make a safe, secure, yet non-confining space for one or more children.

Age Grade: Birth and Up

Installation: Hardware mounted gates are meant to be a safety device. Therefore, the consumer should plan on about an hour for proper installation. A template is provided in the packaging to make the installation as easy as possible. Please refer to instruction booklet for details.
