OPTIONS

- Coordinating wall sets available
 - *See A² price list for shower assembly and/or wall set part numbers

PACKAGED DIMENSIONS (IN)

- 48 ½ x 35 ¾ x 8 ¾

What is A² Composite?

Lightweight and durable, our A² Composite is an engineered compound of resin, glass and special fillers formed into sheets. These sheets are then placed under high pressure and heat to liquify the compound, allowing it to flow and take the shape of almost any form imaginable. The results are simple, stylish and a snap to install.
