A Legacy of Trusted Performance

VCT offers the right combination of color, pattern, and performance to meet the demand of modern interiors. Its durable construction ensures lasting beauty in high-traffic areas, while flowing linear patterns and non-directional visuals effectively mask scuffs and soil. With decades of proven performance, VCT is a classic, economical value with a low carbon footprint.

Standard Excelon® Imperial® Texture – Hello, color! With more than 100 colors to choose from, Imperial Texture provides the perfect palette for any commercial space. It features a non-directional, tone-on-tone visual in a popular 12 in. x 12 in. format.

Building Better

VCT is designed with the principles of circular economy in mind. Each tile has a carbon footprint of 0.25 kg CO₂e, which is about the same greenhouse gas emissions as 0.1 gallons of gasoline*. The low carbon footprint of VCT can be attributed to product composition and efficient manufacturing processes that incorporate both pre- and post-consumer content.

- Manufactured with 85% North American limestone
- Low VOC & FloorScore® certified
- Health Product Declaration (HPD) and third-party certified Environmental Product Declaration (EPD) available
- Made in the USA with global and domestic content
