

Before calling customer service, please review the below information to provide the correct information for support. The item, based on the manufacturing location, Thailand or China, has a unique cartridge. Steps to identify which cartridge is needed:

1. Remove the hot-side faucet handle by first removing the index button. Then use a H2.5 hex key to remove the handle set screw. Pull the faucet handle upward to remove it from the handle adapter.
2. Once the handle is removed, Locate the Data Code; Code "S" indicates the item is from China, Code "R" indicates the item is from Thailand.
3. Identify the cartridge stem and correct cartridge# from below table:
 Brass Stem(Gold color): requested PART from Thailand
 Aluminum Stem(Silver color): requested PART from China
