RECESSED LED **DOWNLIGHT** WITH **NIGHTLIGHT**

Experience the Night in a New Glow

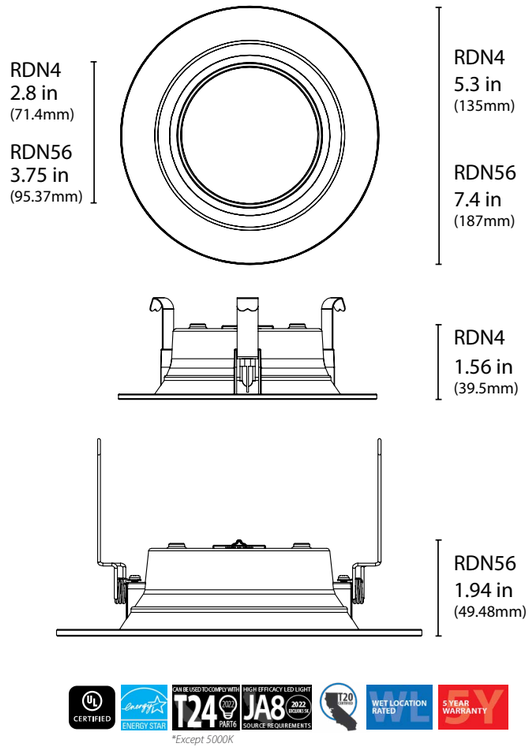

RDN

Recessed LED Downlight with Nightlight

The NICOR RDN Series Retrofit LED Downlight features a new and unique nightlight feature, designed to provide warm ambient light at 2000K to enhance any room. Crafted from durable polymer, this sleek downlight combines modern aesthetics with energy efficiency. The main feature is its dual functionality: bright, crisp lighting for everyday use and a gentle nightlight mode for those quiet evenings. With a simple switch, transition from full brightness to a warm, soothing glow that provides just the right amount of illumination for nighttime navigation without disturbing your sleep. Perfect for bedrooms, hallways, and living areas, this downlight is easy to install and offers long-lasting performance, making it an ideal choice for both residential and commercial settings. Upgrade your lighting and enjoy the perfect blend of style, functionality, and comfort.

Dimensions

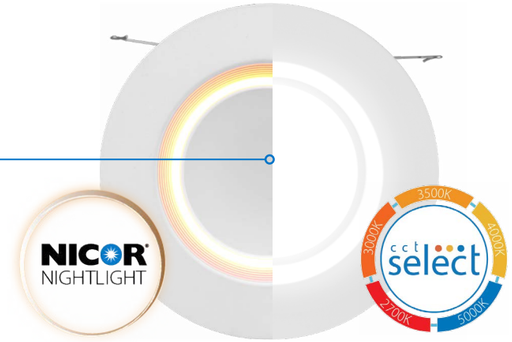

*Except 5000K

FEATURES

Dual Functionality

Bright, crisp lighting with 5 color options for daily use and a soothing 2000K nightlight for ambient warmth.

Easily Switch Modes

Simply turn the light on (Standard), then off and back on within 3 seconds (Nightlight).

Simple Installation

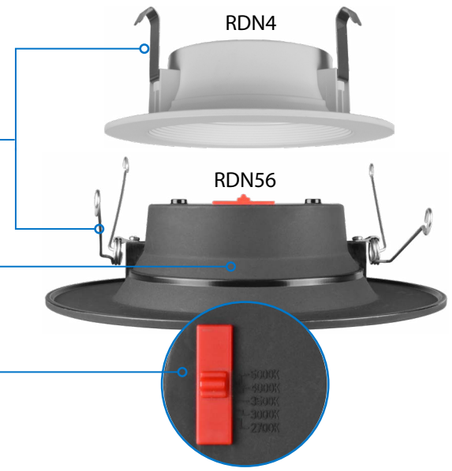

Fully captured V-springs on 5/6" and friction clips on 4" enable straightforward installation.

Durable Design

Made from sturdy polymer for sleek, modern aesthetic & reliability

Selectable CCTs

Standard mode allows for easily adjustable color temperature from warm white (2700K) to daylight (5000K) or any setting in-between.
