

VanZyverden's LILY GARDEN PARTY

Lilies are one of the truly great garden plants since they are beloved by gardeners everywhere. Their beauty, diversity, extended season of bloom, graceful stature and overall reliable disposition reflect the fruits of hundreds of years of selective breeding. In Chinese, the word 'lily' means 'forever in love'. The liliaceae family is so large, varied and complex that it is challenging to describe them in short. Plant just about anywhere - borders, beds, cutting gardens, perennial gardens, pots and containers.

Abundant blooms

Beautiful, exotic color

Easy to grow in containers

About This Variety: Lilium Garden Party's six inch blooms are white and accented with red speckles and a yellow center. Use in the garden, grow in containers or use as a cut flower.

Growing Instructions: Plant in well-drained soil where they will receive 6-8 hours of sun a day. They are winter hardy and considered a strong perennial that can be left in the ground and will re-bloom year after year if the conditions are right. Lilies perform best when well mulched.

Care Tip: Lilies prefer cool soil. When cutting the flowers for bouquets, remove no more than 1/3 of the stem so sufficient leaves remain to renew the bulb for the coming year.

Blooms: Mid Summer

Exposure: Full Sun to Partial Shade

Height: Grows 42-52" tall

Spacing: Plant 10-12" apart, 6-8" deep

USDA Zones: Hardy in USDA zones 3-8

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
