PDT720SYW

GE Profile™ Series Stainless Interior Dishwasher with Hidden Controls

FEATURES AND BENEFITS

Microban® Antimicrobial Technology – Enjoy longer-lasting dishwasher protection thanks to Microban® Antimicrobial Technology. Built into high-usage touchpoints to help prevent bacteria growth, it keeps protected surfaces 99% cleaner than unprotected surfaces.

Dry Boost™ – Dry Boost™ technology outperforms standard heated-dry dishwashers by getting hard-to-dry items like plastics up to 3 times drier when compared to heated dry.

Versatile Third Rack – Maximize loading flexibility with dedicated space for silverware, cooking utensils and ramekins, while still leaving room for tall tumblers below. The open design optimizes wash coverage and drying performance.

Smart Features powered by SmartHQ™ – Built-In WiFi and the SmartHQ™ app make it easy to connect, control and monitor your smart dishwasher from anywhere. You can also conveniently access the latest features, including customized cycles, remote status notifications and more.

Smart Assist – Smart Assist makes it simple for you to unlock optimal wash and dry performance. Innovative dishwasher sensors and intelligent machine learning enhance and improve cycles over time.

Deep Clean Silverware Jets – A system of deep clean silverware jets blasts the silverware basket from the bottom up, removing all stuck-on foods and providing sparkling results.

4 Bottle Wash Jets – This dishwasher with bottle jets ensures a deep clean for tall items, narrow glasses, jars and more. In the upper rack, each of the 4 bottle wash jets directs water and detergent inside to effectively wash hard-to-reach areas.

Cycle Choices – Simplify cleanup with a variety of wash cycles, from AutoSense and Heavy to Normal and 1-Hour Wash, plus Custom options like Cascade Platinum Plus and Rinse available in SmartHQ.

Steam + Sani – Save time with a high-temperature cycle that steams and sanitizes to loosen tough soils before the wash cycle begins, reducing bacteria by 99.999% without pre-rinsing or soaking.

Extra-Large Capacity – Plenty of space for 16 place settings and large dishware in this extra-large capacity dishwasher, making cleanup after large gatherings a breeze.

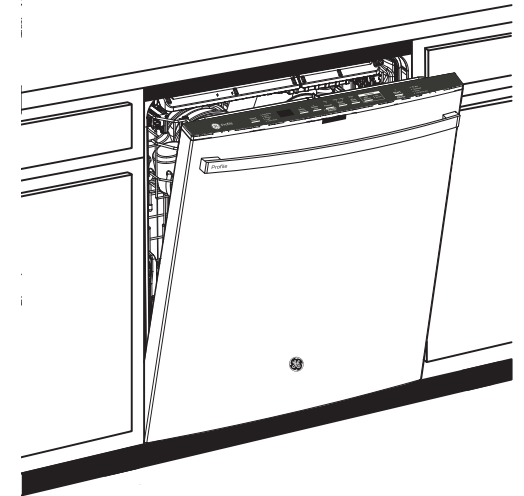

Super-silent 43 dBA – Get reliable wash performance and a deep clean without unwanted noise thanks to this super-silent 43 dBA dishwasher.

Piranha™ Hard Food Disposer – The Piranha™ Hard Food Disposer lets you use your dishwasher without pre-rinsing. Its stainless steel impellers rotate to pulverize food particles and an anti-jamming design makes sure wash arms stay unclogged.

Active Flood Protect – To prevent potential overflows, a sensor detects when the water is too high and pumps it out until a safe level is reached.

Flush Installation – Cabinet-depth flush installation ensures your dishwasher blends in with the design of your kitchen without sacrificing space for dishes inside.

Notification Bar – Always know the status of your clean with this notification display dishwasher feature. A bright bar illuminates different colors to indicate the status of the cycle.
