2 Way Sprinkler Converter

2 adaptador para salida de rociador

Easily convert a 1/2 in. PVC sprinkler or shrub head to low-volume by attaching Drippers or Micro Sprays to the 1/4 in. barbed outlets.

Convierta fácilmente un aspersor o cabezal con boquilla de PVC de 1/2" (1.3 cm) en un sistema de riego de bajo volumen colocando goteros o micro aspersores a la salida estriada de 1/4" (0.6 cm).

- Reduces water usage

Begin by removing the existing shrub or sprinkler head.

Now thread the Two Way Converter onto the 1/2 in. PVC Riser.

To finish, attach 1/4in. Vinyl Tubing to the barbed outlets and run Stake Assemblies or multiple Drippers.

With this Converter you can greatly reduce water usage by irrigating your landscape more efficiently with Micro Sprays, Drippers and In-Line Drip Tubing.

Con este convertidor, puede disminuir significativamente el consumo de agua debido a que los microaspersores, los goteros y las tuberías de goteo en línea riegan su jardín más eficazmente.
