What's in The Box

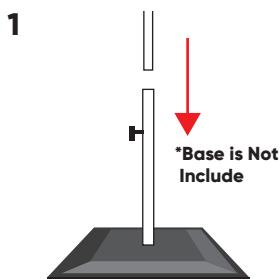

ONECLICK™ 9 Feet Umbrella

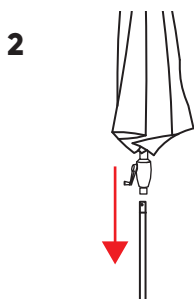

Bottom Pole

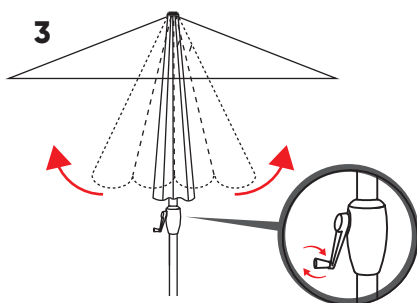

Setup Guide

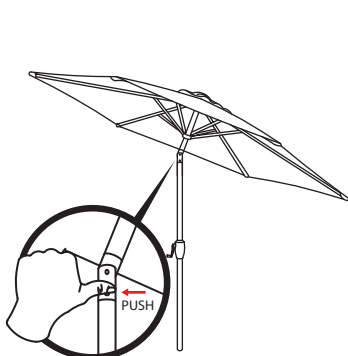

Insert bottom of the steel pole into the umbrella base.

Insert the canopy into the pole by aligning the notch with the hole until it locks in place.

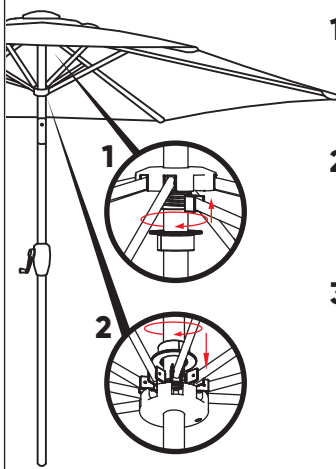

Turn the hand crank clockwise to open and counter-clockwise to close.

Push the button to adjust the umbrella angle for enhanced shade coverage.

How to Replace Rib

- 1 Rotate the upper hub cover counterclockwise to unlock the upper rib.
- 2 Rotate the bottom hub cover counterclockwise to unlock the bottom rib.
- 3 Extract the rib that requires replacement. Next, attach the new rib and relock both the upper and bottom hub covers.
