OPERATIONS MANUAL

4MODERN
HOME

Dear Customer :

Thank you for choosing 4modernhome!

We appreciate your business. Should you have **any questions** or encounter **any issues**, please don't hesitate to contact us. You can reach us via email at **support@4modernhome.com** or by **calling 469-312-6428**. Our team is dedicated to ensuring your complete **satisfaction** with your purchase. We value your feedback, as it helps future customers in making informed decisions. We encourage you to share your experience by leaving a brief product review on the platform where you made the purchase. Additionally, you can scan the **provided code for an installation video** to assist you further. Once again, thank you for choosing 4modernhome!

Best regards!

[4Modern home/Support Team]

Warning: If any special control devices are used with this fixture, follow the instructions carefully to assure full compliance with N.E.C.requirements. If there are any questions, contact a qualified electric contractor.

Warning: California Residents Proposition 65
This product contains lead, a chemical known to
the state of California to cause cancer and birth
defects or other reproductive harm. Do not place
the product in your mouth. Wash your hands after
handling this product.

Caution: It is highly recommended to get an electrician to install this light. Please make sure to turn the electricity off at the main circuit breaker before beginning installation. All glass is fragile. Use care when handling glass component(s) and/or lamp(s).

3A. Lock the crossbar to the junction box of the ceiling by using 2 pcs of 5/32 screws in the accessories bag.

3B. Connect the wires. The hot/positive wire (+) has an "L" label on it. The other one is the negative wire (-) has an "N" label on it. And the bare copper is the ground wire.

3C. Attach the canopy to the ceiling with screws

Step2

The black wire is connected to the main line L. and the white

This diagram shows the second step of the wiring process. A black wire is connected to the main line L (labeled 'A' in the diagram) and a white wire is connected to the main line N (labeled 'C' in the diagram). A ground wire is also shown connected to the main line L. The diagram includes labels for 'Screw together', 'ground wire', 'A', 'B', and 'C'. A dashed line indicates the connection point for the white wire to the main line N.

The black wire is connected to the main line L. and the white wire is connected to the main line N.

Install 3 E12 bulbs
screw together
