SPECIFICATIONS

The Dearborn® Universal Pop Down® Sink Drain delivers a clean, modern look with a flush-to-basin fit and sleek, tarnish-resistant finishes that elevate any bathroom space. Its unique single-piece design works with both overflow and non-overflow sinks and eliminates common leak paths for long-term reliability. With easy push-to-open, lift-to-clean functionality and tool-free installation, it's a streamlined solution that performs beautifully and installs in minutes. Dearborn is known for providing superior quality and products designed with the plumber in mind.

DESCRIPTION

- Lavatory sink drain for overflow and non-overflow sinks, in a single SKU
- Solid brass flange sits flush with sink basin when in the open position
- Single-piece body eliminates leak paths and enables quick, easy hand-tighten installation without channel locks or wrenches
- Push to open and close, and lift to clean, for easy functionality and maintenance
- Corrosion and tarnish-resistant finish
- Includes two washers to accommodate any sink thickness

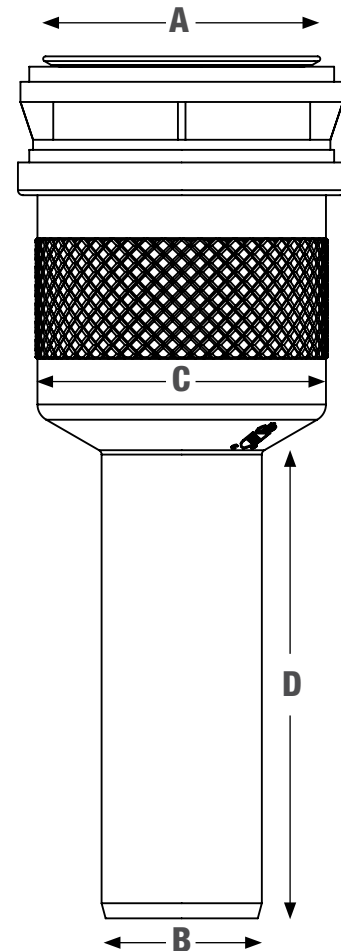

UPC APPROVED: Yes
