

HAP B-HANGER

Pipe Hanging Versatility Inside and Outside the Wall

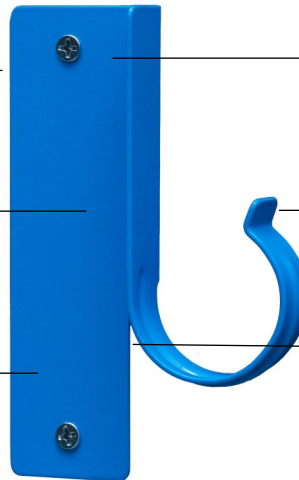

HAP B-HANGER PRODUCT FEATURES

Rounded edges for safe installation.
No sharp surfaces.

Provides a gap between the mounting surface and the pipe.

Can be used in a vertical or horizontal installations.

Fast and easy installation.
Installs with two screws using a cordless drill/driver.

Tempered spring steel allows pipes to easily snap into the bracket during installation.

Durable power coated finish for indoor or outside applications.

The B-Hanger pipe bracket loop is set at 90° to the mounting surface.
