Installation Instructions

1. Secure the mounting plate to the junction box using screws;
2. Turn off the power and connect the wires as shown in the diagram. Connect the fixture wires (Neutral, Live, and Ground wire) to the corresponding wires reserved in the junction box using wiring caps. Ensure that no bare wires are exposed to prevent electrical leakage.
3. Install the lamp to the mounting plate using mounting plate screws.

Note: Please use this product accordingly to its intended purpose, do not retrofit or remodeling the product. The warranty does not cover if the failure is caused by the third party product, or natural disasters.
