## Ten – Year Limited Warranty

Meadow View Garden Windows, in normal service, are fully warranted against defects in material and workmanship for a period of ten years from the date of purchase.

This warranty includes sash and frame materials, hardware and insulated units which are guaranteed to be free of material obstruction of vision resulting from dust or film formation in the dead air space caused by failure of the seal. (Condensation on windows may occur as a natural result of humidity, excessive moisture, or changes in interior/exterior temperatures. This does not indicate a defect in the windows and is not covered by this warranty.)

Caulking used to seal window frames or trim is considered a maintenance item and is not covered under this Warranty.

If the Meadow View Garden Window is altered in any way this warranty defers to the warranty of the product used to alter the window, for example painting.

If the windows do not conform to this warranty during the warranty period, JJJ Specialty Co. agrees to repair or replace—at its sole option—any defective part or component. This warranty does not include labor or freight costs. JJJ Specialty Co. will not be responsible for any costs incurred in the removal, replacement, installation or re-installation of the window or any part or component of the window.

This warranty contains the only express warranties extended by JJJ Specialty Co. and is in lieu of all other warranties, verbal or implied. The provisions herein contain the only remedy you may have against JJJ Specialty Co. JJJ Specialty Co. shall not be liable under any circumstances for incidental or consequential damages.
