Solutions for Every Need.

Design is in the details. So, you'll want to make sure that you finish your room with stylish mouldings and transitions that not only cover the expansion space but finish the floor or bridge the gap between two rooms.

Simple Solutions® accessories install quickly and easily to save you time and money. And, they're available in a wide variety of coordinating looks.

We stand behind our products and we have expertise working with all the major flooring brands, so our mouldings are designed to fit your floor, no matter what brand you choose. We know moulding and our products are ideal solutions for all floating floors sold at Lowe's.

Wall to wall waterproof.

Introducing the new Simple Solutions® waterproof quarter round featuring WetProtect® technology.

This paintable waterproof moulding is designed to cover the expansion space between the floor and the wall to provide a waterproof perimeter seal that adds an additional layer of protection for your subfloor.

WetProtect® Quarter Round

A beautiful finish to every floor.

Quarter Round

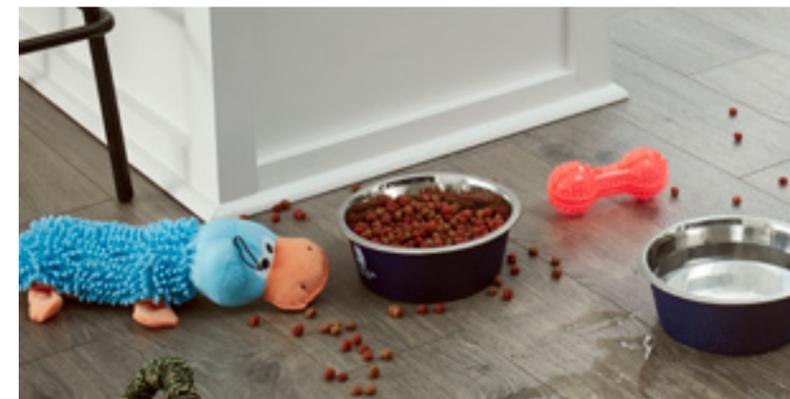

Wall Base

You'll find floating floors available in a wide variety of styles and materials, including laminate and luxury vinyl plank. Although the materials and styles may differ, every floating floor requires an expansion gap between the floor and the wall.

To cover these gaps and finish the floor, Simple Solutions® has wall base and quarter round moulding in a variety of colors and paintable white options to coordinate with the flooring available from Lowe's. This moulding installs easily and helps integrate your new floor with the rest of the room.

- Pre-finished moulding — there's no need to paint or stain
- Installs on any level of your home with nails or glue
- Can be installed over smooth, flat, or dry surfaces — even existing concrete, tile, vinyl, or wood

Simple Solutions® waterproof quarter round can be used for all floating floors available at Lowe's.

Design tip:

To better integrate your mouldings with your floors, lay out planks from multiple boxes before installing them. Then, choose the planks that most closely match your moulding color to install along the perimeter of the room.

Look for Simple Solutions® quarter round and wall base at your local Lowe's or online at [lowes.com](https://www.lowes.com).

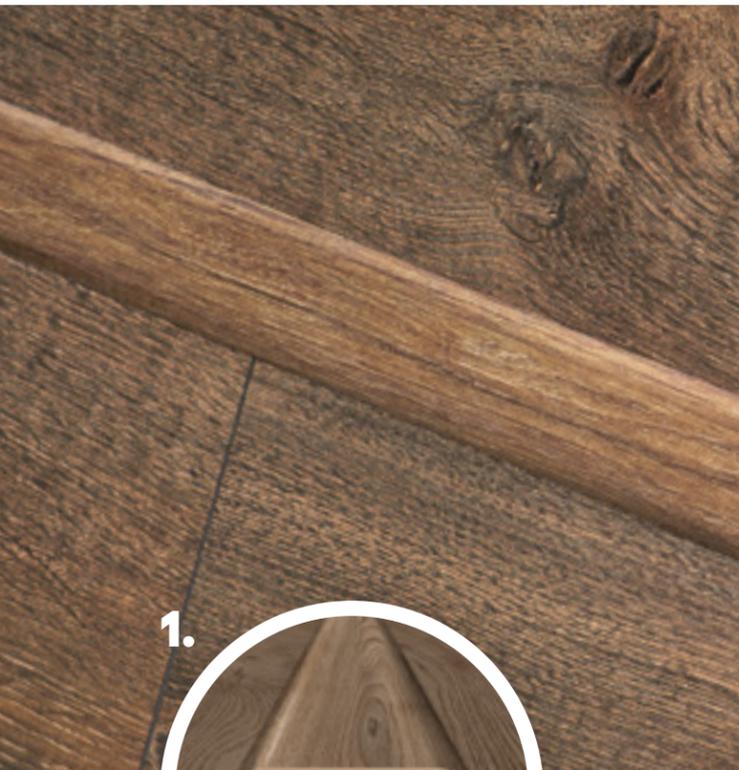

One kit. Four simple transitions.

Simple Solutions® has the right transitions for your project, no matter what the need. Our innovative 4-in-1 multifunctional transition moulding kit can be configured for use as a T-moulding, a hard surface reducer, a carpet transition, or an end moulding. Just one kit joins any type of surface together for a smooth, easy transition. And, the end moulding can be used to seamlessly transition to architectural features. With just one kit, you're prepared for anything — saving you time and money and reducing waste.

- Install on any level of the home on floors up to 16mm thick
- No need to paint or stain
- Can be installed over smooth, flat, or dry surfaces — even existing concrete, tile, vinyl, or wood
- One kit contains 78-inches of moulding — enough to create two different 3-foot moulding solutions

The 4-in-1 multifunctional transition moulding kit is available in a wide range of coordinating colors and styles at Lowe's and online at [lowes.com](https://www.lowes.com).

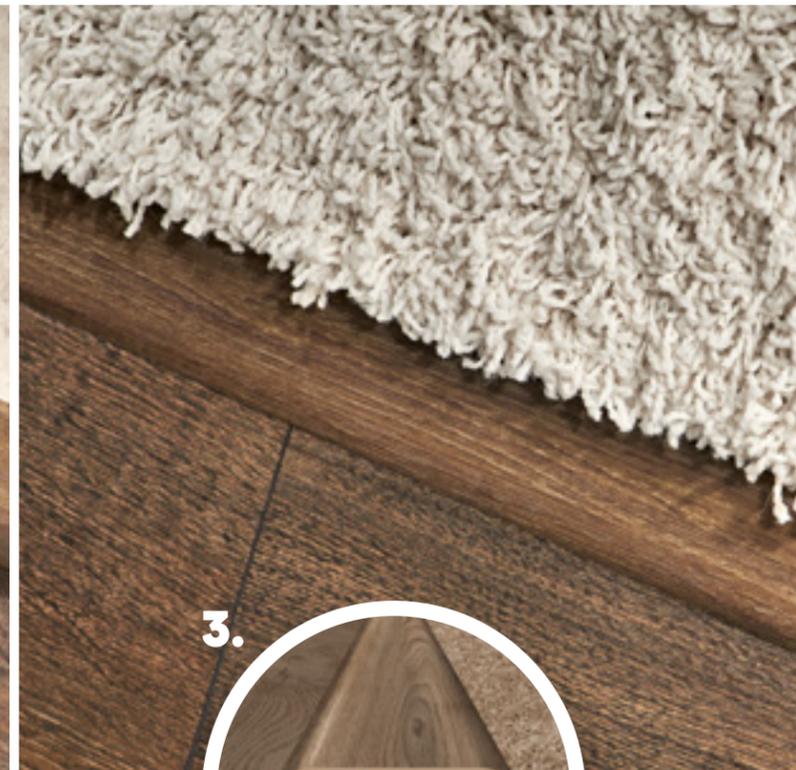

T-Moulding

Join two hard surface floors of equal height

Hard Surface Reducer

Transitions between two hard surface floors of different heights

Carpet Transition

Finishes hard surface flooring where it meets carpet

End Moulding

Finishes a hard surface floor against fireplaces, sliding doors, and more

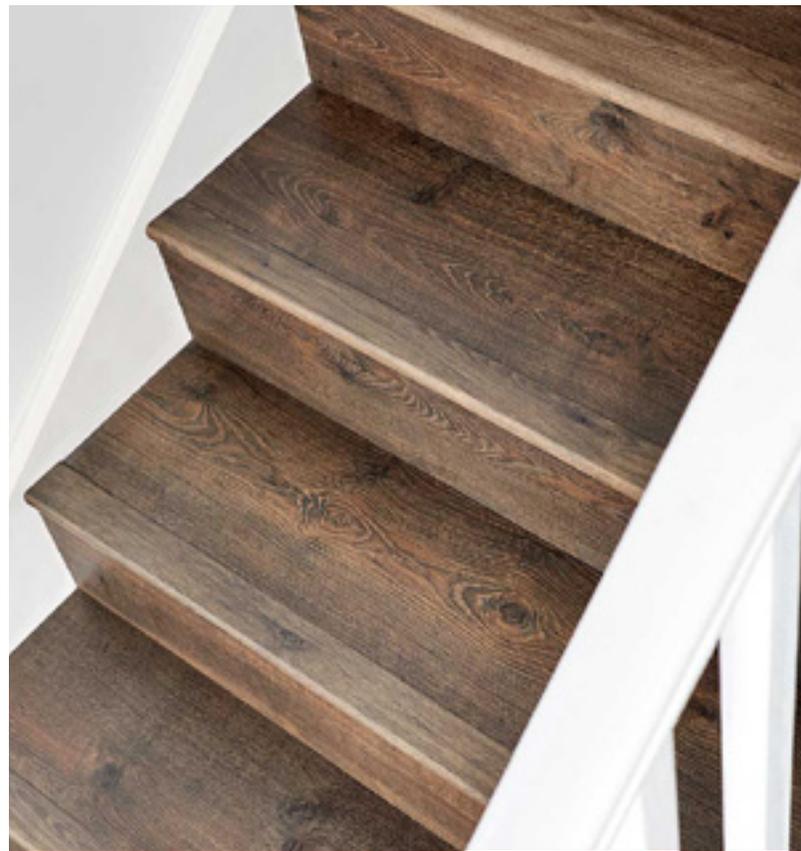

A simple, elegant finish for stairs.

Integrate your floor and stairs with Simple Solutions® stair nose moulding.

This moulding creates a seamless look while providing a wear surface for the stair's leading edge and covers the gap between the riser and the tread.

Stair Nose

simple
SOLUTIONS®

No matter what the project — finishing a floating floor, transitioning flooring from room to room, or finishing your stairs, Simple Solutions® has the right solution.

To select moulding or trim to match your new floors, see the moulding chart at Lowe's or online at [lowes.com](https://www.lowes.com).
