FEATURES & BENEFITS

Set a stunning table with dishes that sparkle thanks to the industry's most **advanced wash system with over 140 cleaning jets** that deliver complete coverage to every inch of the dishwasher.

Spotted silverware has no place at your table, thanks to **Deep Clean silverware jets** that ensure every utensil comes out looking immaculate.

Vases, canisters and bottles are always clean and ready for your tablescape thanks to the targeted washing power of **bottle jets**.

Get dishes impressively clean with the revolutionary **reversing quad-blade lower wash arm** and its 25 spray jets to hit items from every angle.

Create more room for platters, baking sheets, stemware and more with an **adjustable upper rack** that glides up or down 2-inches with one easy touch.

Sleek and easy to operate, the **top control design and LCD display** keeps buttons out of sight while still within reach.

Achieve a complete clean with powerful **side jets** that cascade water to fill the dishwasher and washes soils away.

Plates, silverware and glassware are ready to go from dishwasher to table thanks to a 1,000-watt **hidden heater and vent with fan dry**.

Loading and unloading is smooth and simple with a **full-extension upper rack** that glides out with just a gentle pull.

Run the dishwasher without interrupting the mood with ultra-quiet **45 dBA** operations.

Configure the **lower rack** however you please to fit anything from a large colander to a teacup saucer with **adjustable, multi-position, fold-down tines**.
