

Van Zyverden's CANNA VERDI

Cannas are among the most colorful summer bulbs with ruffled spikes tapering to refined buds, boasting immense, paddle shaped leaves. Their great reedy canes and palmy foliage make for large, magnificent plants, yielding blooms all summer for long lasting curb appeal. They are deer resistant and appear most dramatic when grouped in masses. These are fast growers with large flowers.

*showy flowers atop erect
stems bearing dark ovate leaves*

good in garden beds or larger containers

easy to grow and low maintenance

About This Variety: Verdi cannas grow into a clump of bronze foliage, with contrasting bright orange flowers with a light yellow throat. Very bold and attractive. Good choice for collectors and pairs well with dahlias. Long blooming.

Growing Instructions: Where not hardy, plant outdoors in early summer 2" deep, setting the rhizome in the hole, 'eyes' (shoots) up. Cannas do best with a good supply of water.

Care Tip: As flowers fade, deadhead to promote continued flowering. They like moist conditions.

Exposure: full sun to partial shade

Height: grows 36-48" tall

Spacing: plant 12-18" apart, 2-4" deep

USDA Zones: hardy in USDA zones 8-11

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
