Don't forget to prep.

Valspar® cleaners treat and prepare decks, fences, outdoor furniture and other exterior surfaces for superior stain penetration, even results and longer-lasting protection. Always use a cleaner before staining or waterproofing.

WOOD CLEANER
removes dirt, mildew,
algae and fungus stains.

ALL-IN-ONE WOOD PREP
cleans, brightens & removes
stains to restore wood's
natural color and beauty.

No olvide la preparación.

Los limpiadores Valspar® tratan y preparan las terrazas, las cercas, los muebles exteriores y otras superficies en exteriores para lograr una penetración superior del tinte, resultados uniformes, una protección duradera. Siempre utilice un limpiador antes de teñir o impermeabilizar. El limpiador para madera elimina la suciedad y las manchas de moho y los hongos. Preparación todo en uno limpia, ilumina y elimina manchas para restaurar el color y la belleza natural de la madera.

Consejos prácticos

Evite teñir cuando haya días de humedad o días de calor extremo. Aplique el tinte con una brocha en dirección de las vetas. Combine secciones teñidas y no teñidas mientras estén húmedas. Deje el tinte se seque por completo. Deje secar (por 24 horas) antes de caminar sobre la superficie. Para obtener resultados profesionales, le recomendamos que utilice brochas y rodillos Purdy®.

HELPFUL TIPS

Avoid staining on humid or extremely hot days.

Apply stain by brushing in the direction of the grain.

Blend stained and unstained sections while still wet.

Allow stain to dry completely (24 hours) before walking on deck.

For professional results, we recommend using Purdy® brushes and rollers.
