If you're missing parts, contact us for replacements at
(800) 323-5565 or send an email to Support@SevilleClassics.com

Assembly Instructions

STEP 1.

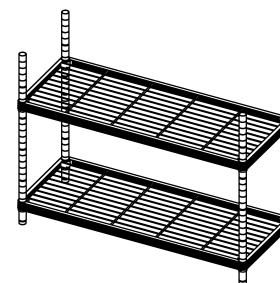

Screw **LEVELING FEET (F)** or **WHEELS (H)** into base of bottom poles.

Repeat for all bottom poles.

STEP 2.

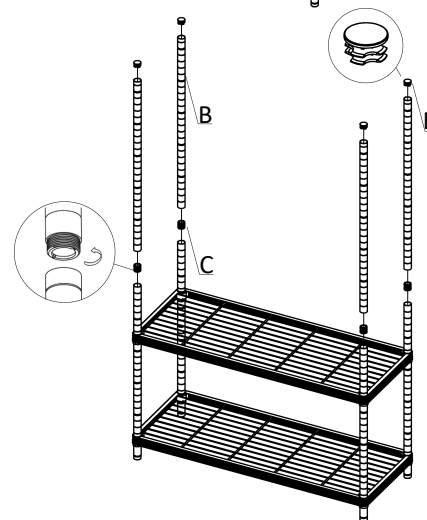

Snap **SLIP SLEEVES (G)** around the grooves on **BOTTOM POLES (A)** for your lowest shelf. Fit **SHELF (D)** over the top of the 4 poles and over **SLIP SLEEVES (G)**.

TIP! Count the number of grooves from the bottom of the pole to keep the height of each shelf consistent and even.

STEP 3.

Repeat STEP 2 for next shelf.
TIP! If necessary, lightly tap shelves into place with a rubber mallet.

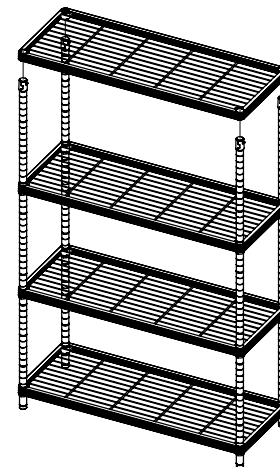

STEP 4.

Screw **CONNECTORS (C)** into top of **BOTTOM POLES (A)**.

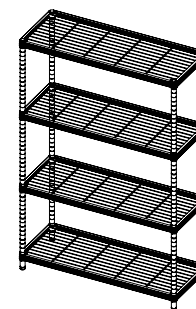

Screw **TOP POLES (B)** to **CONNECTORS (C)**. Snap in the **TOP POLE CAPS (E)** to the tops of the **TOP POLES (B)**.

TIP! Connectors may already be installed, if this is the case just screw in the top poles to the bottom poles.

STEP 5.

Repeat step 2 for the remaining shelves.

Congratulations!

Enjoy your now fully assembled shelving unit.
