## TOOLS REQUIRED (not included)

Phillips Screwdriver

**CAUTION:**  
**SHARP EDGES**  
**USE EXTREME CAUTION**  
◀ **WEAR GLOVES DURING ASSEMBLY** ▶

**CHOKING HAZARD** — This item contains small parts that can be swallowed. Keep children and pets away during assembly.

# ASSEMBLY

*Review all steps and understand assembly before beginning.*

***Do not fully tighten hardware until all components have been loosely assembled.***

## ! HELPFUL HINTS

**CAUTION:** Sharp edges.  
Wear gloves during assembly.

- Do not tighten any bolts until the entire unit is loosely assembled. If hardware is tightened too soon, mounting holes may not align and parts may not easily fit together.
- Ensure panels are installed with the rolled edges facing the inside of the bed.

1. Align Corner (B) on the inside edge of Side Panel (A).
2. Loosely fasten Side Panel (A) and Corner (B) by hand-tightening four Bolts (C) and Wing Nuts (D).
3. After all pieces have been loosely assembled, fully tighten all wing nuts.

**Any modification to the product or failure to follow recommended care will void the product warranty.**

*If you experience issues with assembly or the product was damaged during shipping, please contact our customer service team through one of the methods mentioned at the top of page 1.*

*Please have the item number and order information ready to expedite response time.*
