Cleaning Tips

For a Quick Clean:

Simply wipe down with soap and water.

For a Deep Clean:

Wipe on $\frac{1}{3}$ bleach and $\frac{2}{3}$ water solution with a clean cloth and let it sit on the lumber for a few minutes (this will not affect the color). Then, loosen any dirt and debris that may catch in surface grooves with a soft bristle brush; hose down to rinse.

For a High-Power Clean:

Use a pressure power washer (not exceeding 1,500 psi) to spray off dirt and debris. Apply a $\frac{1}{3}$ bleach and $\frac{2}{3}$ water solution and scrub with a soft bristle brush. Hose down to rinse.

Did You Know?

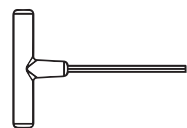

Our long-lasting furniture is made using plastics that could otherwise pollute oceans and overwhelm landfills — and it can also be recycled when the time comes. Better for the planet, better for all.
