Step 3

This technical drawing is an exploded view of a motor vehicle chassis and engine assembly. It illustrates the spatial relationship and assembly sequence of various components. The main parts shown include:

- Engine and Drivetrain:** Located at the bottom left, featuring the engine block (71), transmission (70), and drive shaft (56) with associated axles and wheels.
- Front Suspension and Steering:** On the left side, showing the front wheel assembly (69), steering knuckle (68), and suspension components (67, 66, 60, 16).
- Chassis Frame and Body:** The central and right portions of the diagram show the main chassis rails (1, 4, 10, 17), crossmembers (2, 3, 5, 7, 19), and the body panels (14, 15, 17).
- Rear Suspension and Drivetrain:** On the right side, showing the rear wheel assembly (49), rear axle (42), and suspension components (40, 41, 43, 44, 45, 46, 47, 48).
- Interior and Miscellaneous Components:** Various smaller parts are shown, including seats (49), floor plates (50, 51, 52, 53), and numerous fasteners (bolts, nuts, washers) indicated by small circles and lines.

Each component is labeled with a numerical callout, ranging from 1 to 78, to identify it within the assembly. Dashed lines indicate the alignment and assembly path for the various parts.
