

Purchase Date: ___ / ___ / ___ Order/Customer Reference Number: _____

Thank you for choosing Sunnydaze Decor. We stand behind our brand and the quality of the items we sell. Replacement parts or products can be requested within the 1-year warranty period. Proof of purchase must be provided. This includes the date of the purchase as well as photos of the product defect. Photos are used to determine the cause of the defect and to provide future quality control. The request will be reviewed, and replacement pieces will be sent at our discretion. For warranty information, visit <https://tiny.cc/SunnydazeWarranty>

If you have any questions, comments or concerns, feel free to contact us by phone at 833-982-1977, by email: customerservice@sunnydazedecor.com, or via our contact us page at <https://tiny.cc/SunnydazeContact>

STEP-IN COPPER BIRD BATH/FEEDER CFT-765

Review all assembly and care information before using this product. Save this manual for future reference.

Assemble components on a soft, clean surface to avoid damaging the finish.

No.	PARTS	QTY.
A	Step-In Stake	1
B	Single-Threaded Pole	1
C	Double-Threaded Pole	1
D	Bowl	1

NOTE: Copper will patina when it is exposed to water and air; this is a natural characteristic of copper and is not cause for return.

ASSEMBLY

1. Firmly secure Single-Threaded Pole (B) into Step-In Stake (A).
2. Firmly secure Double-Threaded Pole (C) to Single-Threaded Pole (B).
3. Firmly secure Bowl (D) to Double-Threaded Pole (C).

INSTALLATION

A shaded location is recommended for this bird bath; the metal can become very hot in summer sun. Additionally, warm water is less appealing to birds and is more likely to form algae and bacteria.

1. Choose a location with soil that is firm enough to support the stand while in use. Do not install into loose soil as it may cause the stand to tip over.
2. Take care not to push on the bowl during installation as doing so may bend or break the unit.
3. Ensuring the unit remains straight, push the step-in stake into the ground and step on it until it is flush with the ground. If you encounter resistance during installation, do not force the prongs into the ground; check for obstructions such as stones or tree roots.

USE & CARE

- Choose a flat, level location to install the stand.
- Avoid high-traffic areas such as locations where children and pets play.
- Water may seep into the connection points and cause the treaded components to rust. Periodically check connection points and clean them to prevent damage.

CLEANING

Wash components using a mixture of 9 parts water to 1 part white distilled vinegar. Scrub with a cloth or a soft-bristled brush.

Thoroughly rinse with clean water and dry with a clean cloth.

⚠ IMPORTANT INFORMATION ⚠

- Do not install into loose soil as the unit may lean or tip over.
- Do not exceed the weight capacity of the unit.
- Do not use harsh chemicals or abrasive materials to clean the unit as they may damage the product and void the product warranty.
- Store this unit during freezing temperatures as exposure to freezing temperatures may damage the product and could potentially harm wildlife.
- Manufacturer is not liable for damages or defects caused by exposure to weather elements.

Any modification to the product or failure to follow recommended care will void the product warranty.

If you experience issues with assembly or the product was damaged during transit, please contact our customer service team through one of the methods mentioned at the top of page 1. Please have the item number and order information ready to expedite response time.

⚠ WARNING:

Manufacturer and seller expressly disclaim any and all liability from personal injury, property damage or loss, whether direct or indirect, or incidental, resulting from the incorrect attachment, improper use, inadequate maintenance, or neglect of this product.
