

6 in. Side Tenon for Square Outdoor Pole Lights

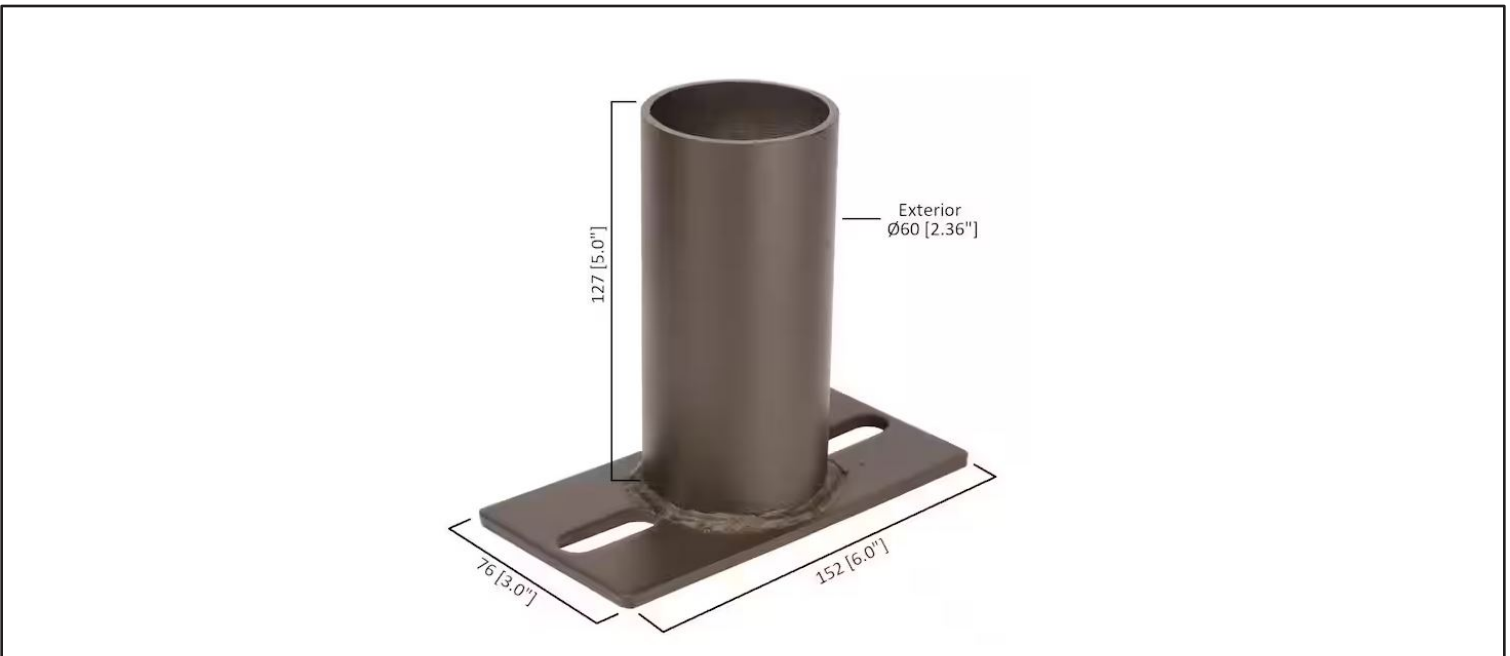

PRODUCT DESCRIPTION

The Side Tenon for Square Pole is designed for easy and secure attachment of lighting fixtures to the sides of square poles. With its side tenon design, this mount allows for straightforward installation and adjustment of lighting fixtures, providing flexibility in directing light where it's needed. The mount is compatible with the 2 3/8 inch slip fitter OD standard, making it suitable for a variety of outdoor lighting applications.
