

Technical drawing of a hole in a plate. The drawing shows a cross-section of a plate with a hole. The dimensions are indicated as follows:

- The diameter of the hole is $3/4"$.
- The diameter of the pilot hole is $3/8"$.
- The distance from the center of the hole to the edge of the plate is $1/8"$.

The text "pilot hole / Trou pilote" is written below the dimensions.

Technical drawing of a hole in a plate. The drawing shows a cross-section of a plate with a hole. The dimensions are indicated as follows:

- The diameter of the hole is $3/4"$.
- The diameter of the pilot hole is $3/8"$.
- The distance from the center of the hole to the edge of the plate is $1/8"$.

The text "pilot hole / Trou pilote" is written below the dimensions.

Technical drawing of a mechanical part, likely a housing or cup, showing dimensions and assembly points.

Dimensions:

- Overall width: 3
- Overall height: 45
- Internal width: 9.5
- Internal height: 20.5
- Bottom flange width: 3
- Bottom flange height: 11

Assembly Points:

- Top center: Ø35 (Large circular feature)
- Top right: Ø8 (Small circular feature)
- Bottom center: cup depth / Profondeur du boîtier (Indicated by a vertical line with arrows)

Notes:

- The drawing includes a dashed line indicating a centerline or axis of symmetry.
- The text "cup depth / Profondeur du boîtier" is written below the main body of the part.

Technical drawing of a mechanical part, likely a housing or bracket, showing dimensions and assembly features.

Dimensions:

- Overall width: 3
- Overall height: 45
- Distance from top edge to center of large hole: 20.5
- Distance from bottom edge to center of large hole: 11
- Distance from left edge to center of large hole: 9.5
- Distance from right edge to center of large hole: 3
- Distance from top edge to center of small hole: 3
- Distance from bottom edge to center of small hole: 3
- Distance from left edge to center of small hole: 3
- Distance from right edge to center of small hole: 3

Features:

- Large circular hole with diameter $\varnothing 35$.
- Small circular hole with diameter $\varnothing 8$.
- Two small holes (diameter $\varnothing 8$) located near the top and bottom edges.
- Two small holes (diameter $\varnothing 8$) located near the left and right edges.
- Two small holes (diameter $\varnothing 8$) located near the top and bottom edges.
- Two small holes (diameter $\varnothing 8$) located near the left and right edges.

Assembly Features:

- Two small holes (diameter $\varnothing 8$) located near the top and bottom edges.
- Two small holes (diameter $\varnothing 8$) located near the left and right edges.
- Two small holes (diameter $\varnothing 8$) located near the top and bottom edges.
- Two small holes (diameter $\varnothing 8$) located near the left and right edges.

Labels:

- cup depth / Profondeur du boîtier
