MAINTENANCE AND CLEANING INFORMATION

Everyday cleaning with liquid cleaners such as Dow or Lysol foaming bubbles, Top Job, Mr. Clean or similar type products with a sponge or Mr. Clean Magic Eraser. To remove hard water stains or mineral build-up, scale removers such as Lime Away, Rust-out or Whink are recommended. Abrasive cleaners are not recommended on shower bases because they are designed with high sheen areas to help prevent soap scum build up. Prolonged scrubbing will dull the surface over time and promote build-up and soap scum. **Do not** use "leave on" cleaning products such as the Automatic Shower Cleaner. Prolonged contact with harsh chemicals could have an adverse reactive over time and discolor your surfaces. **Do not** use cleaning agents that caution use on acrylic, polyester or plastics.
