Place all four legs (B) upside down on a soft surface with the sides that have the screw holes facing inward as shown. Place the stretcher (C) in the center of the legs. Attach the stretcher (C) to the legs (B) by using a Philips head screwdriver (not included) to screw in the wood screws (HW1) as shown.

Place the table top (A) upside down on a soft surface. Align the screw holes on the assembled legs to the screw holes on the table top (A). Use the Allen key (HW3) to screw in the Hex socket bolts (HW2) to attach the assembled legs to the table top (A)
