# INSTALLATION INSTRUCTIONS

## STEP 1

Make sure the mounting bar is horizontal with a lever, then mark out the holes(①) to be drilled on the wall.

## STEP 2

Drill holes where marked (①) and insert wall anchors A/B (②).

### Thickness of Wall

### Using Accessories

> 16mm

8 ~ 16mm

< 8mm

Unapplicable

Select appropriate wall anchors and screws based on the thickness of the wall.

## STEP 3

Secure the bar with long/short screws provided with the anchors.

## STEP 4

Place and hold the gym mirror on the mounting bar.

### STEP 5

Determine the locations for 3 clips and mark them on the wall.

### STEP 6

Set the gym mirror aside. Drill holes where marked ① and insert wall anchors A/B ②).

### STEP 7

Place and hold the gym mirror on the mounting bar. Secure the mirror clip with long/short screws provided with the wall anchors A/B.

### STEP 8

Put the washer into the mirror clips. Then secure round caps on the clip. (Repeat this step for the other two clips.)

### NOTES:

① If you need to splice and install two gym mirrors, please make sure that the mounting bars are in the same horizontal level.

② If you want to hang the gym mirror horizontally, please place the mounting bar in the middle of the mirror.
