

Installation:

Check your Gator for any sharp objects or corners that could stress your Gator Cover as you put it on. Slip your Gator Cover over the top of your Gator then pull the cover down on all 4 corners.

Cleaning:

Clean your Gator Cover with a soft brush and luke-warm water or machine wash in COLD water. DO NOT USE SOAP as it may remove the protective coating added by the factory. Line dry or machine dry on air or delicate.

Storage:

A handy integrated storage bag is sewn into your cover. Just stuff your cover into it. To avoid mildew be sure your cover is completely dry before you store in the storage bag for a long period.

Two year Warranty

This Gator Cover is factory warranted for workmanship and materials for two years after purchase. Trailering or use during transportation of your Gator will invalidate this warranty.
