

Zebra Calathea

Sunlight

Bright to medium indirect light - Avoid direct sun

Water

Keep soil moist, but not soggy. Allow top 1/2" of pot soil to dry between watering. Do not let plant sit in water.

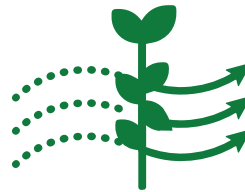

Pet Friendly

Yes

Mature Size

Height: 24 - 36"
Width: 18 - 24"

Air Purification

Good - removes multiple airborne toxins

Plant Hardiness

Outdoor: Zones 10-12
Indoor: ANY ZONE

Indoor Care Tips

Use a peat and perlite mixture in a well draining pot. African Violet mix also is excellent. Do not mulch.

Outdoor Care Tips

- Plant in well-draining area; in-ground or a planter
- Bring indoors when temp goes below 50° F

Expert Advice

- Loves humidity
- Fertilize during growing season every 2-4 weeks
- Prefers bottled water or rain water
