DCF500 **XTREME[™] 12V MAX* BRUSHLESS** **3/8" & 1/4" SEALED HEAD RATCHET**

Fasten or remove small nuts, bolts, and other fasteners in tight areas with the XTREME[™] 12V MAX* 3/8" & 1/4" Sealed Head Ratchet. The brushless motor delivers 50 ft-lbs. of max torque with a no-load speed of 0-450 RPM. The sealed head design and glass-filled nylon tool housing are designed for durability and to help provide protection against automotive oils and solvents found on the job. Maximize versatility with the ability to quickly swap between 1/4" square drive, 3/8" square drive, and 1/4" quick change hex interchangeable anvils, as well as change from forward/reverse for efficient working in tight areas. Brighten your workspace with the integrated LED light to see those hard to reach fasteners.
