

RESTOR-A-FINISH is a unique finish-penetrating formula that restores the original color and luster to wood finishes while blending out minor scratches and blemishes. It permanently eliminates white heat rings, water marks, scratches, color fade, oxidation, smoke damage, etc., without removing any of the existing finish.

DIRECTIONS: Choose the color of Restor-A-Finish that best matches the finish of your wood. **Test on an inconspicuous area. Apply with a small pad of cloth, cover a small area at a time and immediately wipe dry.** Do not pour directly on finish. To remove stubborn white rings, oxidation, or light scratches, apply Restor-A-Finish with a pad of super fine (0000) steel wool. Finishes vary in hardness, so test pressure to be used with (0000) steel wool on an inconspicuous spot. **Rub lightly in the direction of the wood grain** until blemish is blended away. Cover a small area at a time and wipe dry. **To protect and maintain the newly restored finish, follow up with Howard Feed-N-Wax.**

DANGER. CONTENTS MAY CATCH FIRE. FUMES MAY CATCH FIRE. CONTENTS HARMFUL. MAY IRRITATE EYES. MAY IRRITATE SKIN. Do not mix with other chemicals. Do not smoke. Do not swallow. Do not get in eyes, on skin or clothing. **Keep out of reach of children.** Keep away from flames, such as a pilot light, and any object that sparks, such as an electric motor. **FIRST AID:** If swallowed, **DO NOT INDUCE VOMITING.** Call Physician immediately. If breathed in, move person into fresh air. **EYE CONTACT:** Immediately flush with water for at least 15 minutes. **SKIN CONTACT:** Wash with soap and water.
