INSTALLATION

# WYNDHAM COLLECTION

④ Remove the handles from inside the cabinet doors and drawers and reinstall on the outside. Do not over-tighten when reattaching.

⑤ Install the mirror: use a pencil to mark the placement of the screw holes on the wall, drill the holes and insert the plastic wall anchors.

⑥ Install the screws into the wall anchors, leaving enough of the screw exposed to hang the mirror - approx 1/4" - 1/2".
