KEY LARGO FEATURES

▶ EASY TO SET UP

No electrician required!
Plugs into any standard 120V / 15Amp outlet.
No plumbing required, just fill with a garden hose
GFCI safety breaker comes built-in!

▶ SPACE-SAVING DESIGN

Designed to pass easily through most interior and exterior doorways.

SOFTTOUCH™ CONTROLS

State-of-the-art digital electronic control with LCD temperature and filtration readout. All functions are located at your fingertips.

ENERGY SAVER SYSTEM™

Heat is generated by the spa's power equipment inside the cabinet. This heated air is captured and returned to the spa's water. This continually helps maintain the water temperature without running the heater as often. The heat recovery system saves you money by reducing electrical cost.

HIGH POWER JETS

A harmonic balance of jets and water-flow engineered to provide maximum hydrotherapy, style and comfort.

FILTRATION SYSTEM

Efficient weir skimmer and micro filtration system keep your spa comfortably fresh and sparkling clean.

MAINTENANCE-FREE WEATHER GUARD™ CABINET

Our synthetic cabinets with reversible panels are known for their rich, beautiful appearance and long lasting durability. Fully removable access panels make service a breeze.

THERMAL SPA COVER

A durable, lockable barrier from the elements provides money saving thermal protection along with safety and security when spa in not in use. Your spa cover will accent your cabinet color to complete the stylish look of your spa.
