**BEE BALM BEAUTY OF COBHAM**

Monarda, also known as Bee Balm, have fascinating scented masses of pale purplish flowers. The blossoms are difficult to describe but very decorative. The leaves are a bright purple green, and mint scented which are edible. Known to attract scores of butterflies and hummingbirds. Great for a wet garden!

*Support the bumble bee  
population by planting  
a pollinator*

*Winner of the Award of Garden Merit  
from the  
Royal Horticultural Society*

*Nectar-rich blossoms  
that attract hummingbirds*

*About This Variety:* Beauty of Cobham is a clump forming herbaceous perennial sure to return for years to come if planted zone appropriate. Thrives just about anywhere.

*Growing Instructions:* Not fussy at all and easy to grow provided plants are kept moist, and not allowed to dry out.

*Care Tip:* Deadhead spent flowers to encourage new blooms. Should be cut to the ground after flowering to promote new growth.

*Exposure:* Sun to partial shade

*Height:* 36-48"

*Spacing:* Plant- 18" apart, 1.5-2" deep

*Hardy in:* USDA zones 4-10

Guaranteed to grow 1 year from purchase if directions are followed. Any concerns related to quality and/or counts feel free to contact us.
